CANADIAN LEAGUE MAY LEAVE ORGANIZED BALL IN FAVOR OF THE FEDS.

Word was received this morating by the officials of the local baseball club from the Athletics informing them that they may not be able to play here on August 12th, as stated before, but they also stated that it would be a good plan to keep the date of points and the plan stated that it would be a good plan to keep the date of points, about full blast and from all appearances it tooks as if the Hamilton ball team this year will be the fastest that has ever represented the Ambitious City since the days of the old international League.

Manager Yates informed the local club this morning that he had been successful in signing up a firstbaseman named Dudiev. The latter player has played in the Western Canada Lougue and last season battle 237. At the present time Manager Yates has a firstbaseman who, he thinks, will be able to handle the initial sack to perfection and if such is the case Dudies.

There is some talk of the Canadian Lesgue going over to the Federals, but when one of the local direction was questioned on the matter this morning he refused to state anything definite, and all that can be said is that the proposition might go through. There was a great deal of hard feelings caused by the refusal of the National Commission in granting the Canadian League class B hall for the coming season, and this is given as the reason for the rumor about the Canadian this is given as the reason for the rumor about the Canadian this is given as the reason for the rumor about the Canadian League going over with the Pederals.

to attend scheduled ten pin matches, the Morden Fixtures stopped the Hamilton Lunch in their wild flight and Fitture team would not assert them-selves for two games, so that the two-game victory was a surprise to a cer-tain extent. While the 2,835 leaders were succumbing to the Mordenite onslaught, Tuckett's Smokes, who are second in the league race, received the same dose of medicine from the Regal Labels, who are now practical-by tied with their last night's oppon-ents for second place. Herb Pickard showed a belated re-turn to form last night by registering 579 for individual honors, although his total was only seven plus in advance of the sterling 572 score put on by the anchor man of Morden's Pixtures. In Ontario the alliance has had re-markable success in its campaign for closing the barn artice profess to be released to the temperance cause. There is no doubt that a strong Government, tigorously enforcing the law, has had mission, while the Opposition, led by Nr. N. W. Rowell, K.C., has adopted "abolish-the-bar" as their platform, All of which must be very encourasng. The secretary's report was a

exception.

Our lavestment committee, under the
hairmanship of Past Dominion Counlifor Hales, has done most excellent
fork in lavesting our funds. We have

GETTES ON THE JOB

Interrupted the Performance Before British Sovereigns.

(By Times Special Cable.) adon, March 17.—Militant London, March 17.—Militant suf-fragettes contributed an extra and un-rehearsed "turn" to the programme given before King George and Queen given before King George and Queen Mary at a music hall performance to-day in aid of a hospital. During the singing of the National Anthem a shower of militant suffragette pamph-lets fluttered from the gallery above the royal box. Some of the papers floated into the box and found a lodg-ing on the shoulders of the King nad

Queen.
Simultaneously a woman occupying a place in the stalls of the theatre stood up, and, pointing a finger at the party, shouted:
"Your Majesties, Mrs. Pankhurst is in prison. I therefore—" in prison. I therefore—"
The woman was unable to proceed further with her speech, as a detective clapped his hand over her mouth, and she was escorted out of the theatre.
